Initial Challenges and Goals

Launching a platform for selling photos, images, illustrations, and vectors in Poland presented several key challenges. We needed to differentiate ourselves in a competitive market, ensuring our offerings met the diverse needs of customers while maintaining exceptional quality and accessibility.

Goals:

- **Market Penetration:** Establish a strong presence in the Polish visual content market, becoming the preferred platform for high-quality photos, illustrations, and vectors.
- **Content Quality:** Curate and provide a diverse selection of premium visual assets that cater to various professional and personal uses.
- **Traffic Growth:** Drive significant growth in platform traffic and user engagement through effective marketing strategies and targeted SEO efforts.
- **User Experience:** Develop a seamless, intuitive platform that enhances user satisfaction and encourages repeat usage, ensuring a positive and efficient experience.
